Form 4A

(Rule 6.2)

Public Notice
(general form)

In the Consistory Court of the Diocese of Winchester

Church of Hyde: Holy Ascension

In the parish of Hyde

NOTICE IS GIVEN that we are applying to the Consistory Court of the diocese for permission to carry out the following:

To remove the current audio equipment from the cupboard at the back of the church which is very inaccessible and difficult to work with during a service. This will be relocated in a purpose-built desk made from the redundant pews. The desk will be approximately 1m wide and will have a knee hole on one side and a lockable cupboard on the other which will contain both the current audio equipment and the new visual controls.

The desk is to be made by a local carpenter. The dimensions of the desk proposed are marked on the photograph. The desk will have a lockable top which can be folded back using piano hinges.

The desk will be placed behind what will be the back pew - from this position the person operating the controls can see the whole church and chancel and can judge the sound accurately as well.

Also to install a remote controlled screen and projector so that we can use these for any service where audio-visual aids would be an advantage. In particular we would want to use it for our two new services - the 4 o'clock slot and the informal morning service.

To install a Sapphire "smart move" screen, which has a drop of up to 5m before the screen comes down. This will allow us to install the screen behind the chancel arch in place of a redundant strip light - the wiring for the screen will replace that for the light. A photo showing the position is enclosed.

We propose to use an Epson EB-G7200W Projector in combination with the screen - this to be mounted on one of the diagonal trusses so that it is visually not intrusive - the wiring will go in existing trunking.
